Education

- **University Of South Dakota, Vermillion, South Dakota**

Master's in Computer Science, *G.P.A: 3.8*

Jan 2024 – Dec 2025

- **QIS Institute of Technology (JNTU K), Andhra Pradesh, India**

B. Tech in Computer Science Engineering, *G.P.A: 2.58*

Jun 2018 – Nov 2022

Technical Skills

- **Programming:** Java, Python
- **Web:** HTML, CSS, JavaScript
- **Cloud Technology:** AWS
- **Database:** MongoDB, MySQL, Oracle, SQL Server
- **Developer Tools:** Eclipse, SQL Workbench, AWS Cloud9
- **Version Control:** Git

Experience

Internship: SQL Consultant

Mar 2023 – Aug 2023

Timing Technologies, Hyderabad, TG, India

- Trained in database administration activities, including SQL and NoSQL databases.
- Experience with writing and optimizing SQL queries.
- Used SQL Workbench as a developer tool with SQL Server and Oracle databases.
- Performed ETL tasks and routine database maintenance.
- Worked with large data sets and utilized MongoDB for NoSQL storage.
- Gained experience with AWS Cloud9 and used Jira for sprint planning.

Projects

Blood-Bank Management System

- Technologies used: HTML, JavaScript, CSS, and MySQL.
- Enabled donors to register and recipients to search for required blood groups.

Bus Reservation Web Page

- Technologies used: Java, CSS, JavaScript, and MySQL.
- Developed a web page for online bus ticket reservations, storing booking details in a database.
- Implemented stored procedures and triggers

Fruit Disease Detection using ML & Deep Learning

- Built a CNN-based model to classify fruit diseases from images with high accuracy.
- Used data preprocessing, augmentation, and transfer learning (e.g., ResNet/VGG).
- Evaluated model using accuracy, precision, and confusion matrix.

Personal Skills & Strengths

- Strong team player and eager to learn new technologies.
- Excellent problem-solving abilities.
- Professional written and verbal communication skills.
- Adaptable, hardworking, and quick learner.
